

# WOODCROFT NEEDS YOU - PLEASE VOLUNTEER

## Woodcroft Playground Installation (13915 – 115 Avenue):

To save money on our playground project we are going to do a volunteer install. We will work with installers to get our playground “up and running” ☺ Besides volunteers, we also need some equipment. The biggest problem is dates....unfortunately we cannot provide dates at this time as it is weather dependent....and it continues to rain! Our estimate is that it would be one of the last two weekends in August or early September.

We will need volunteers for the following:

### Playground Installation:

- 15 volunteers for 3 hours on Thursday evening
- 25 volunteers for 8 hours on Friday daytime
- 25 volunteers for 3 hours on Friday evening
- 30 volunteers for 8 hours on Saturday daytime
- 1 volunteer to do security overnight Thursday & Friday, for equipment (bobcat)

### Childcare:

- 3 – 4 volunteers for 8 hours on Friday daytime
- 3 – 4 volunteers for 8 hours on Saturday daytime

\*\*we will have a better idea of numbers once we know how many children would need watching while parents volunteer.

### Kitchen:

- 2 volunteers for 1.5 hours Thursday evening
- 2-3 volunteers per shift for 3 hours morning shift/afternoon shift Friday daytime
- 2 volunteers for 1.5 hours Friday evening
- 2-3 volunteers per shift for 3 hours morning shift/afternoon shift Saturday (over lunch time) Saturday daytime

## EQUIPMENT NEEDED:

• Bobcat with 12” auger & driver (for Thursday & Friday, total 8 hours)	• 5 heavy duty wheel barrows
• 12-15 economy studs (2x4)	• 10 or more long handled shovels
• 2 buckets	• 10 or more rakes
• 15 rags	• 2 or more 6’ step ladders
• 60 plywood pieces (7”x7”)	• may need power generator
• 2 – 100ft extension cords	• 25-30 safety vests

If you are volunteering for playground installation, steel toed shoes/boots will be required (we will have some slip-ons available. When volunteering, please advise if you own steel toed shoes/boots.

If you can volunteer and/or loan us any of the equipment needed, please contact Arlene at 780-481-4420 or email at [ahuhn@telusplanet.net](mailto:ahuhn@telusplanet.net).
